BRAND NEW · MAIDEN SEASON 2026/27

Welcome aboard

Step aboard and leave the everyday behind.

Imagine waking up in a quiet bay, breakfast on the flybridge, and the sails filling as you set course for the next island. WINDKIND combines the freedom of sailing with the comfort of a private villa and the care of a dedicated crew, for up to ten guests.

Brand new in 2026, she spends her maiden season in the Caribbean in winter 2026/27 and in the Mediterranean in summer 2027. Every day is yours to shape: a slow morning at anchor, an afternoon on the water toys, dinner under the stars.

**Welcome to life at sea.
Welcome to WINDKIND.**

BREAKFAST ON THE FLYBRIDGE

Slow mornings

**No alarm clock, no schedule:
the day begins when you do.**

Fresh bread and pastries from the galley, fruit and freshly made coffee, served on the flybridge with a 360° view over the bay. Then a first swim, straight from the beach club.

THE SALOON

Living begins with space

Panoramic windows wrap the saloon in light and sea views, in pale oak and soft linen tones.

By day a generous lounge, in the evening a dining room for ten, with the open galley right next to it.

SEA TERRACES

Your private waterfront

A second saloon, open to the sea.

At anchor, the sides of the aft cockpit fold down and turn into two terraces just above the water. The cockpit opens up, the horizon draws closer and the yacht seems to grow. In the afternoon, the crew brings cold drinks and something to nibble: the perfect spot to watch the light change.

FORWARD COCKPIT · JACUZZI LOUNGE

*The beauty of
doing less*

The most private place on board.

Forward of the saloon lies a second, generous living area: wide sunbeds, lounge sofas and the Jacuzzi, away from the bustle of the aft deck, with nothing in front of you but the horizon.

BEACH CLUB · WATER TOYS

Your private beach club, wherever you drop anchor.

Seabobs, Flite eFoil, paddleboards, kayaks and the tender for water skiing and wakeboarding: everything is ready the moment we arrive. First time on a Flite eFoil? Our crew will show you how. Their use is included in every charter.

GOURMET

Fresh from the fire

**Your chef, your menu.
Every meal is part of the adventure.**

Before your charter, you fill in a short preference sheet: favourite dishes, dislikes, allergies and dietary needs. Our chef, trained in a Michelin-starred kitchen, then creates your menus day by day, with the freshest produce from local markets and fishermen.

Fresh bread every morning, handmade pasta, pastries and ice cream: much of what you eat is made on board. At lunch, the grill on deck turns the catch of the day into a relaxed meal by the water.

DINNER ON DECK

Evenings to remember

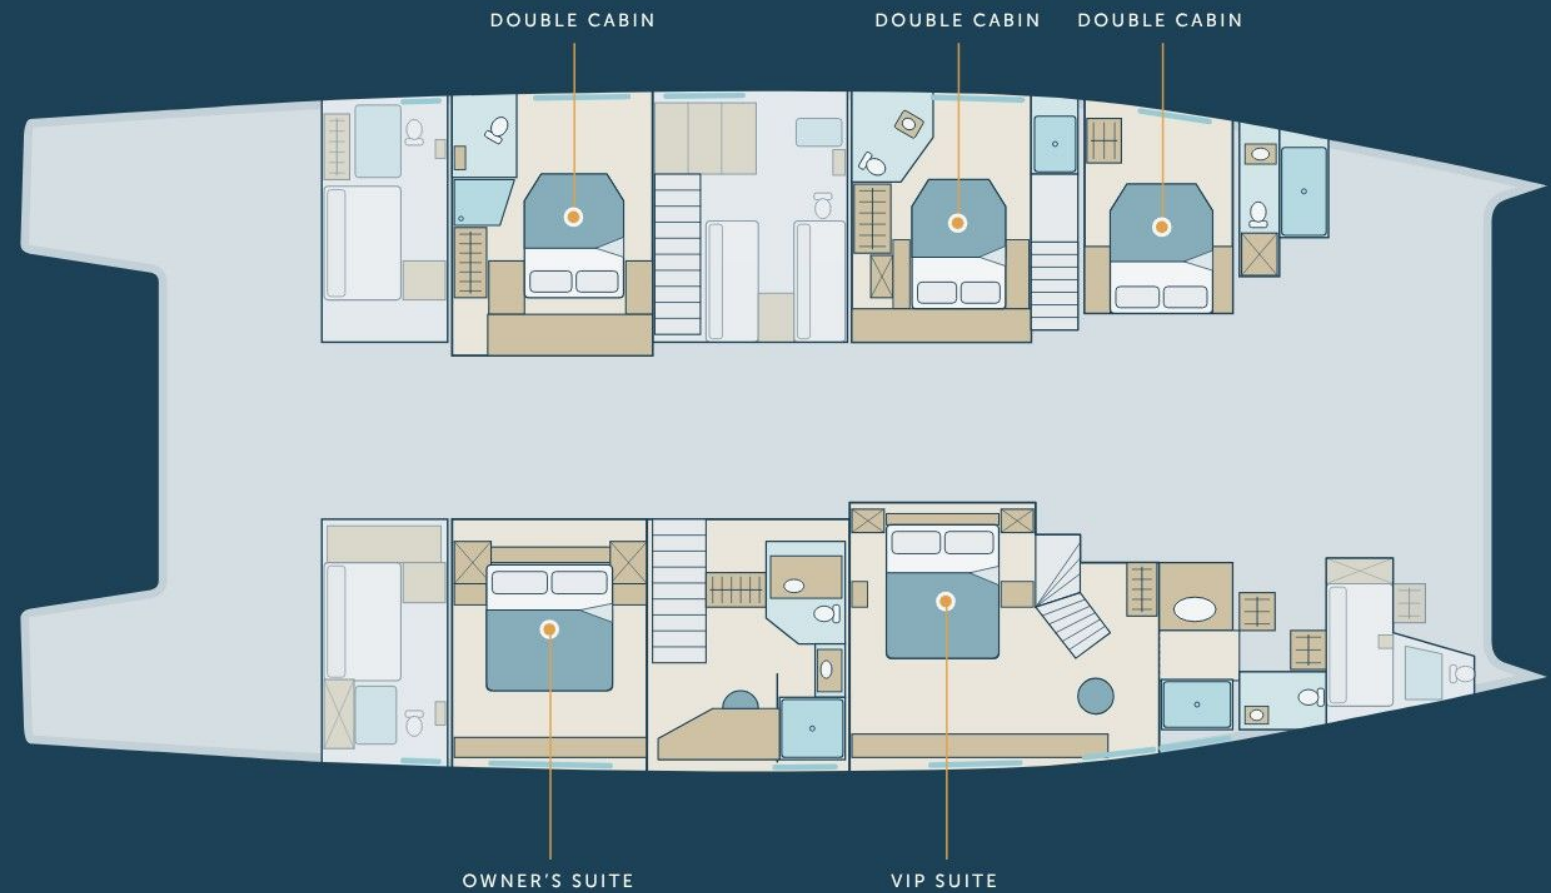

**As the light fades,
the table is set.**

Candles on the big table in the aft cockpit, a well-chosen wine and the chef's menu of the day. Dinner under the stars, in a quiet anchorage all to yourself.

LOWER DECK

Two Suites and three Double Cabins

■ Guest cabins ■ Crew quarters

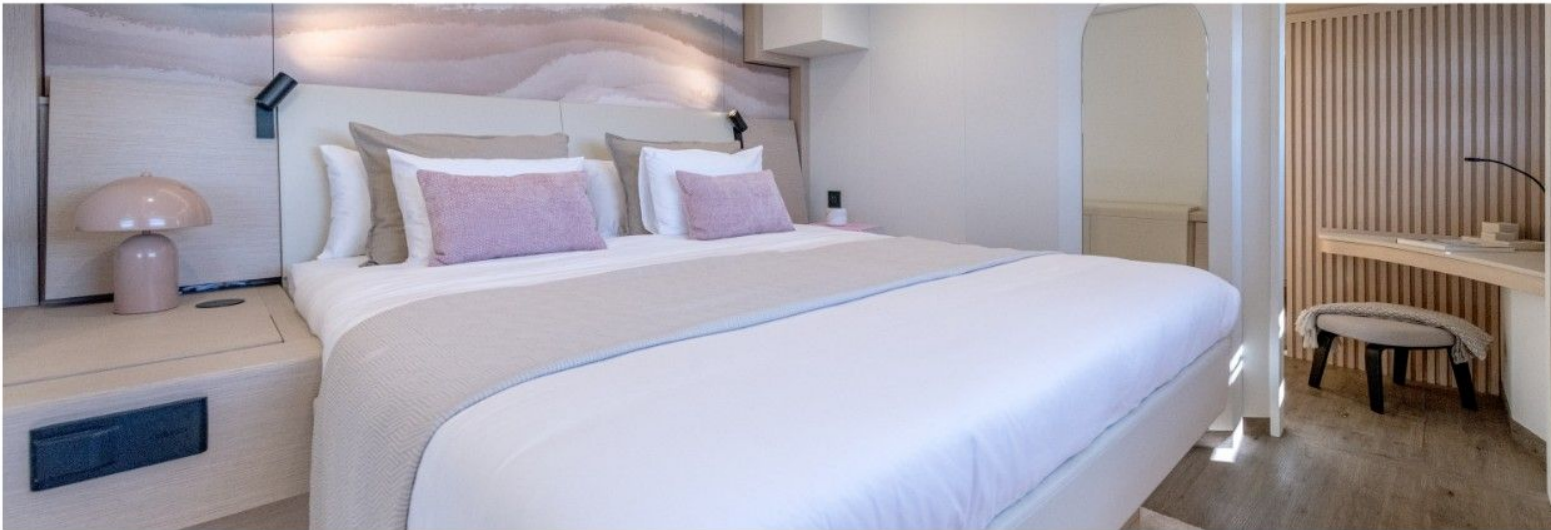

Starboard hull: Owner's Suite aft and VIP Suite forward.
Port hull: three Double Cabins.
The crew has its own separate quarters.

YOUR CABIN

Your space,
your retreat

Calm colours, soft light and the sea right at your bedside:
a quiet place to retreat after a day on the water.

-  King-size beds in both Suites, queen-size in the Double Cabins
-  Private en-suite bathroom in every cabin
-  Hull windows that frame the sea
-  Up to ten guests

MEET THE CREW

A crew that cares

Four people with one goal: making every day on board feel effortless. Seamanship, culinary craft and genuine warmth, so that you can simply arrive and enjoy.

They know the best anchorages and remember how you take your coffee. Always there when you need them, discreetly in the background when you don't.
